Coleman Vineyard

2018 Coleman Pinot Noir Rose Estate

USA > Oregon > McMinnville

Pinot Noir

Leaning towards purple orchid on the Pantone palette, this medium bodied rosé has the balance of a classic film beauty: delicate notes of cherry and exotic fruits, flint, saline and racey spice adds interest and sophistication with a tease of sweetness in the finish. Enjoy chilled throughout the summer, with sushi, and at Thanksgiving. Enjoy with veggie breakfast scramble, tuna with olive oil and olives, goat cheese pizza, or a teriyaki bowl

About us

Initially planted in 1991, Coleman Vineyard family estate winery is located in the McMinnville AVA Coast Range foothills of the Willamette Valley.

Terroir

Coleman Vineyard is located in the McMinnville foothills of Yamhill County in the Willamette Valley. The vineyard is close to the Van Duzer corridor, an opening through the Coast Range mountains to the Oregon coast, providing hot summer days with afternoon winds cooling the evening temperatures significantly. We believe this temperature variation, along with the volcanic soils, contribute to the phenolic characteristics and brightness of the wine, providing a structure for aging and signature dark cherry and spice flavors with intense color. Because of these unique influences, the coastal foothills of McMinnville has been approved for AVA status, and the area is known as the McMinnville AVA. The area is 40 million years old, formed from oceanic volcanic uprisings followed by deposits of lava from the Cascade Mountain volcanic eruptions known as 'basalt tufts'.

Recommendation

Enjoy chilled throughout the summer, with sushi, and at Thanksgiving. Try with a veggie breakfast scramble, tuna with olive oil and olives, goat cheese pizza, or a teriyaki bowl.

Alcohol: 13.60 %
